1st International Conference on
Knowledge Gaps
in **Parkinson's disease**
and other **Movement Disorders**

LIMPE SEMINAR 2010

Taormina, Sicily
February 5-7, 2010 - Hotel Villa Diodoro

WELCOME

Dear Colleagues and Friends,

The Movement Disorder Society and LIMPE (Italian Association for Parkinson's disease and Extraparamidal Disorders) welcome you at the "1st International Conference on Knowledge Gaps in Parkinson's disease and Other Movement Disorders".

The conference will focus on aspects of Parkinson's disease and other movement disorders which are still insufficiently understood or have been recently challenged on genetic, pathogenetic, clinical and/or therapeutic grounds. The 3-day symposium will be led by 26 leading young investigators and senior clinical scientists sharing ideas aimed at advancing the clinical and scientific disciplines within our field. Each topic will close with a summary of the knowledge gaps and with a proposal on how to bridge or minimize them.

"Without Sicily, Italy leaves no image in the soul. Sicily is the key to everything."

(Johann Wolfgang Goethe in Italian Journey, 1786-1788)

Goethe meant for Sicily what this Conference intends to for emerging concepts in Parkinson's disease and other movement disorders: the conduit for established and novel ideas to freely brew in the midst of young and seasoned researchers' 'image and soul'. We shall together assess where we are –the breadth and depth of our gaps— and chart the roadmap where we should go –the bridges we will build. It is our hope that Sicily will be the key to the exciting road ahead.

The Congress Chairperson

Letterio Morgante, Messina, Italy

The Scientific Committee

Alberto Espay, Cincinnati, USA

Alfonso Fasano, Rome, Italy

Francesca Morgante, Messina, Italy

ABOUT LIMPE

LIMPE is the Italian Association for Parkinson's Disease and Extrapiramidal Disorders. It was founded in 1974 as Parkinson's Disease study group to become, over the years, the leading Italian scientific society focusing on Parkinson's Disease, Extrapiramidal Disorders and Dementia.

PRESIDENTE

Ubaldo Bonuccelli

PRESIDENTE ELETTO

Giovanni Abbruzzese

PAST PRESIDENT

Giovanni U. Corsini

CONSIGLIO DIRETTIVO

Pietro Cortelli
Giovanni Defazio
Paolo Del Dotto
Giovanni Fabbrini
Claudio Pacchetti
Fabrizio Stocchi
Filippo Tamma
Maurizio Zibetti

REVISORI DEI CONTI

Giuseppe Meco
Letterio Morgante

ESPERTO ESTERNO

Vittorio Thorel

MEMBRI ONORARI

Leontino Battistin
Lodovico Frattola
Tommaso Caraceni
Mario Manfredi
Giuseppe Nappi
PierFranco Spano

ABOUT MDS

The *Movement Disorder Society* (MDS) is an international, professional society of clinicians, scientists, and other healthcare professionals who are interested in Parkinson's disease, related neurodegenerative and neurodevelopmental disorders, hyperkinetic Movement Disorders, and abnormalities in muscle tone and motor control.

PRESIDENT

Philip D. Thompson, University Department of Medicine Adelaide, Australia

PRESIDENT-ELECT

Günther Deuschl, Christian-Albrechts-University, Kiel, Germany

PAST-PRESIDENT

Anthony E. Lang, Toronto Western Hospital, Toronto, Ontario, Canada

SECRETARY

Matthew B. Stern, Penn Neurological Institute Philadelphia, PA, USA

SECRETARY-ELECT

Cynthia Comella, Rush University Medical Center, Chicago, IL, USA

TREASURER

Oscar S. Gershanik, Institute of Neuroscience, Favaloro Foundation University Hospital Buenos Aires, Argentina

TREASURER-ELECT

Nir Giladi, Tel Aviv Medical Center, University Tel Aviv, Tel Aviv, Israel

MDS EUROPEAN SECTION CHAIRMAN

Alfredo Berardelli, Università La Sapienza, Roma

The Movement Disorder Society

FACULTY

Gennarina Arabia, Università di Catanzaro, Italy
Paolo Barone, Università di Napoli, Italy
Bastian Bloem, University Medical Centre St Radboud, Nijmegen, the Netherlands
Andrea Cavanna, Institute of Neurology, Queen Square, London, UK
Gunter Deuschl, Christian Albrechts University, Kiel, Germany
Mark Edwards, Institute of Neurology, Queen Square, London, UK
Alberto Espay, University of Cincinnati, USA
Alfonso Fasano, Università Cattolica del Sacro Cuore, Roma, Italy
Cynthia Fox, National Center for Voice and Speech, Denver, Colorado, USA
Jan Herzog, Christian-Albrechts-University, Kiel, Germany
Regina Katzenschlager, Donauespital Department of Neurology Vienna, Austria
Christine Klein, University of Lübeck, Germany
Anthony Lang, University of Toronto, Canada
Irene Litvan, University of Louisville, Kentucky, USA
Neil Mahant, Westmead Hospital, Australia
Davide Martino, Università di Bari, Italy
Francesca Morgante, Università di Messina, Italy
Massimo Pandolfo, Université Libre de Bruxelles, Belgium
Ron Postuma, McGill University, Quebec, Canada
Jan Raethjen, Christian-Albrechts-University, Kiel, Germany
Antonio Strafella, University of Toronto, Canada
Ergun Uc, University of Iowa, USA
Enza Maria Valente, Università di Messina, Italy
Marta Valenza, Università di Milano, Italy
Roberto Vetrugno, Università di Bologna, Italy
David Williams, Monash University, Melbourne, Victoria, Australia

CHAIRMEN

Giovanni Abbruzzese, Università di Genova
Alberto Albanese, IRCCS Istituto Neurologico "Carlo Besta," Milano
Angelo Antonini, Centro Parkinson, Istituti Clinici di Perfezionamento, Milano
Alfredo Berardelli, Università La Sapienza, Roma
Annarita Bentivoglio, Università Cattolica del Sacro Cuore, Roma
Carlo Colosimo, Università La Sapienza, Roma
Giovanni Corsini, Università di Pisa
Giovanni Cossu, Azienda Ospedaliera G. Brotzu
Gianni Defazio, Università di Bari
Paolo Del Dotto, Università di Pisa
Giovanni Fabbrini, Università La Sapienza, Roma
Paolo Girlanda, Università di Messina
Leonardo Lopiano, Università di Torino
Roberto Marconi, Ospedale Misericordia, Grosseto
Paolo Martinelli, Università di Bologna
Letterio Morgante, Università di Messina
Stefano Ruggieri, IRCCS Neuromed, Pozzilli
PierFranco Spano, Università di Brescia
Paolo Stanzione, Università Tor Vergata, Roma
Fabrizio Stocchi, IRCCS San Raffaele Pisana, Roma
Michele Tinazzi, Università di Verona
Mario Zappia, Università di Catania

SCIENTIFIC PROGRAM - FRIDAY 5th FEBRUARY 2010

KNOWLEDGE GAPS IN PARKINSON'S DISEASE

14:00 **INTRODUCTION TO THE CONFERENCE**

14:15 **KEY NOTE SPEAKER LECTURE**

Introduction: *Alfredo Berardelli*

A critical reappraisal to the premotor symptoms of Parkinson's disease: potential usefulness in early diagnosis and design of neuroprotective trials

Anthony Lang

Session 1. Knowledge gaps in Etiopathogenesis and Genetics of Parkinson's disease

Chairmen: *Anna Rita Bentivoglio, Giovanni Corsini, Giovanni Cossu*

15.15 Etiopathogenesis of PD - From gene defect to impaired cell function: is there a role of the autophagy-lysosome pathway in PD? **Enza Maria Valente**

15.45 What do new advances in PD genetics tell us about sporadic PD? **Christine Klein**

16.15 Discussion

16.30 COFFEE BREAK

Session 2. Knowledge gaps in Clinical Features

Chairmen: *Alberto Albanese, Paolo Del Dotto*

16.45 Body weight changes in PD: is it a matter of caloric intake vs. expenditure or wider impairment in energy metabolism control? **Ergun Uc**

17.15 Bradykinesia: what are the weaknesses of the current clinical rating and how can we gain more insights with improved measurement? **Alberto Espay**

17.45 Levodopa-induced dyskinesias: what do we know? What is the impact on disease disability? **Francesca Morgante**

18.15 REM sleep behavior disorder: what does its presence tell us about motor and non-motor aspects of PD? **Ron Postuma**

18.45 Discussion

19:00 **CLOSING LECTURE**

Introduction: *Mario Zappia*

Neurobiology of impulse control disorders in Parkinson's disease

Antonio Strafella

19:30 **OPENING CEREMONY**

Prof. Francesco Tomasello, Dean of University of Messina

Prof. Emanuele Scribano, Chairman of Faculty of Medicine, University of Messina

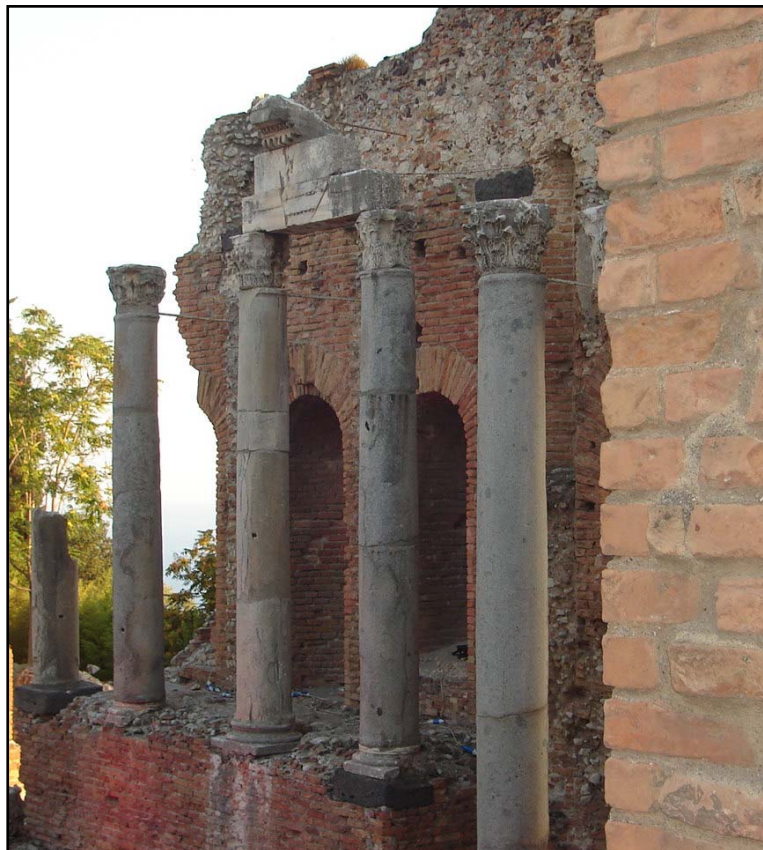

Prof. Giuseppe Vita, Chairman of the Department of Neuroscience, Psychiatry and Anaesthesiological Science, University of Messina

Prof. Ubaldo Bonuccelli, President of LIMPE

Prof. Giovanni U. Corsini, Past President of LIMPE

Prof. Giovanni Abbruzzese, President-Elect of LIMPE

Prof. Alfredo Berardelli, Chairman of the European Section of MDS

SCIENTIFIC PROGRAM - SATURDAY 6th FEBRUARY 2010

KNOWLEDGE GAPS IN PARKINSON'S DISEASE

Session 3. Knowledge gaps in Clinical Features - Axial symptoms

Chairmen: *Angelo Antonini, Fabrizio Stocchi*

- 08.30 Freezing of gait in PD: what do new insights into its pathophysiology teach us about potential targets for treatment? **Alfonso Fasano**
- 09.00 Axial motor control in PD: what is the impact of posture and balance on the overall disease disability? Beyond dopaminergic pathways: is there a role for novel treatments? **Bastian Bloem**
- 09.30 Speech and voice disorder in PD: how recent knowledge on their pathophysiology is being translated into treatment development? **Cynthia Fox**
- 10.00 General Discussion
- 10.15 COFFEE BREAK

Session 4. Knowledge gaps in the pharmacological treatment of Parkinson's disease

Chairmen: *Giovanni Abbruzzese, Giovanni Fabbrini, Letterio Morgante*

- 10.30 Promise and challenges of aiming at continuous dopaminergic stimulation: is continuous delivery of dopaminergic drugs truly providing tonic stimulation to brain dopamine receptors? **Regina Katzenschlager**
- 11.00 Neuroprotection in PD: are current treatment trial designs pursuing our therapeutic 'Holy Grail' fundamentally flawed? If so, how can we bridge the gap? **Gennarina Arabia**
- 11.30 General Discussion

Session 5. Knowledge gaps in the surgical treatment of Parkinson's disease

Chairmen: *Leonardo Lopiano, Paolo Stanzione*

- 11:45 Deep brain stimulation: how much do we understand its mechanism of action? **Neil Mahant**
- 12:15 Deep brain stimulation: the earlier, the better? The challenges in the design of definitive studies. **Jan Herzog**
- 12:45 Discussion
- 13.00 **MORNING LECTURE**
Introduction: *Alfredo Berardelli*
- Promise and perils of established and novel targets of DBS therapy for PD
Guenther Deuschl
- 13.30 **LUNCH**

KNOWLEDGE GAPS IN OTHER MOVEMENT DISORDERS

Session 1. Tremor

Chairmen: *Roberto Marconi, Paolo Martinelli*

- 15.00 Essential Tremor: more than a tremor disorder. What do other motor and non motor features tell us? **Jan Raethjen**
- 15.30 Benign tremulous PD, dystonic tremor in SWEDDS and other atypical tremors. How can we recognize them? Why does it matter? **Mark Edwards**
- 16.00 General Discussion

Session 2. Hyperkinetic Movement Disorders

Chairmen: *Gianni Defazio, Roberto Eleopra*

- 16.15 Myoclonus: what are the pitfalls in its recognition and treatment? **Roberto Vetrugno**
- 16.45 Psychogenic movement disorders: what are the pitfalls in its diagnosis and management? Where are we heading? **Davide Martino**
- 17.15 Tourette's syndrome therapeutics: how much are we moving beyond neuroleptics? **Andrea Cavanna**
- 17.45 General Discussion

18.00 CLOSING LECTURE

Introduction: *Gaetano Di Chiara*

Non motor symptoms as hallmark of disease progression in Parkinsonisms
Paolo Barone

- 18.30 **Announcement of best submission award for the “Research Ideas to Bridge Knowledge Gaps in Movement Disorders” contest**

SCIENTIFIC PROGRAM - SUNDAY 7th FEBRUARY 2010

KNOWLEDGE GAPS IN OTHER MOVEMENT DISORDERS

9.00 **MORNING LECTURE**

Introduction: *Stefano Ruggieri*

Ataxias: how are we diagnosing and treating them? Where are we going?
Massimo Pandolfo

Session 3. Dystonia and Huntington's disease

Chairmen: *Paolo Giralanda, Michele Tinazzi*

9.30 Dystonia - Beyond DYT1 gene: the time for new genes has come
Enza Maria Valente

10.00 Huntington's disease: what are the most promising targets for disease modification?
Marta Valenza

10.30 General Discussion

10.45 COFFEE BREAK

KNOWLEDGE GAPS IN ATYPICAL PARKINSONISMS

Chairmen: *Carlo Colosimo, PierFranco Spano*

11.00 Four-repeat tauopathies: how much are their phenotypes and pathology overlapping?
David Williams

11.40 Tauopathies and Synucleinopathies: what are the data supporting pathological and clinical convergence and divergence? **Irene Litvan**

12.30 General Discussion

12.45 **Closure of the conference and final remarks**

Summary of key gaps discussed and next research steps - **Scientific Organizing Committee**

CONGRESS CHAIRPERSON

Letterio Morgante, Messina, Italy

SCIENTIFIC COMMITTEE

Alberto Espay, Cincinnati, USA

Alfonso Fasano, Rome, Italy

Francesca Morgante, Messina, Italy

LOCAL ORGANIZING COMMITTEE

Antonio Epifanio, Messina, Italy

Francesca Morgante, Messina, Italy

Letterio Morgante, Messina, Italy

GENERAL INFORMATION

CONGRESS VENUE

Hotel Villa Diodoro

Via Luigi Pirandello, 95/A, 98039 Taormina (ME)

Tel: +39 0942 23312; Website: www.hotelvilladiodoro.com

LANGUAGE

English is the official language of the Congress.

ECM ACCREDITATION

The Italian Ministry of Health assigned 9 ECM credits.

CONFERENCE REGISTRATION

Fees for all Congress Participants include: attendance to all scientific sessions, material of the Congress, entrance to the exhibition area, lunches and coffee breaks, social dinner on Feb 6th.

CONGRESS SECRETARIAT

Agemars Srl

Via Garibaldi 263/267

98122 Messina, Sicily, Italy

Phone Number : +39 090 345281

Fax Number : +39 090 47044

E-mail: congresss@agemars.it; mcalabrese@agemars.it

Acknowledgments:

We wish to thank the following companies for their support:

Gold Sponsor

Silver Sponsor

Bronze Sponsor

GE Healthcare

ENDORSEMENT

The “1st International Conference on Knowledge Gaps in Parkinson's disease and Other Movement Disorders” was endorsed by:

Associazione Italiana
Disordini del Movimento
(DISMOV-SIN)

Università di
Messina

MEDIA PARTNER

SPONSORSHIP

The Movement Disorder Society

THEMES AND TOPICS

- Parkinson's disease knowledge gaps on:
 - Genetics
 - Motor symptoms and complications
 - Non motor symptoms and premotor phase
 - Gait, Balance and Speech disorder
 - Medical and Surgical treatment
- Ataxia
- Dystonia
- Huntington's disease
- Myoclonus
- Psychogenic movement disorders
- Tauopathies and Synucleinopathies
- Tremor disorders
- Tourette's syndrome

CONGRESS CHAIRPERSON:
Letterio Morgante, Italy

INTERNATIONAL SCIENTIFIC COMMITTEE:
Alberto Espay, USA
Alfonso Fasano, Italy
Francesca Morgante, Italy

KEYNOTE SPEAKER:
Anthony Lang, Canada

Finding the Gaps, Suggesting the Bridges
